

INVENTORY AND ANALYSIS OF EXISTING PARK AND RECREATION FACILITIES

OVERVIEW OF FACILITIES

The Asheville Parks and Recreation Department operates 54 facilities including over 547 acres of property, 11 recreations centers, 40 parks, 2 swimming pools, 22 tennis courts, and 1 cemetery. In addition, it is responsible for maintaining City Hall and other buildings owned by the City.

Department staff completed a detailed inventory of the existing recreation facilities in the Asheville study area. The facilities fall under the jurisdiction of the Asheville Parks and Recreation Department (APRD), Buncombe County Recreation Services (BCRS), State of North Carolina (NC), National Park Service (NPS), United States Forest Service (USFS), Asheville City Schools (ACS), Buncombe County School District (BCSD), Asheville Housing Authority (AHA), and non-profit organizations (NP).

The inventory is prepared by sorting the facilities by geographic location and classification type. Table 2-1 "System-Wide Facility Inventory," is a cross-reference to the review of key facilities. Table 2-2 "Key Park Facilities Assessment" provides a rating system of key elements regarding facilities operated by the Department.

REVIEW OF KEY FACILITIES

North Area

Recreation Center

North Asheville Center - APRD

This small neighborhood center is part of a fire station/library/recreation center complex that is approximately four acres. The small size of the center limits the type of activities that can be offered. There is a small undeveloped area adjacent to the center, which has potential for development of park facilities. The overall condition and visual quality of the building is good, however, site furnishings are inadequate. The level of use at this site is medium, handicap accessibility is adequate, and vandalism is minimal.

Planned improvements: install air conditioning

Facilities

- 1 recreation staff office
- 1 multipurpose room
- 1 kitchen
- 2 storage rooms
- 1 restroom
- paved off street parking

Community Park

Weaver Park - APRD

Weaver Park is the largest park in the North area. The 6.6-acre park was completely renovated in the 1970s and is one of the better parks in the system. The overall condition and visual quality of the park is good. The park receives a high level of use and the site furnishings are adequate. Handicap accessibility is adequate and vandalism is average.

Recent improvements: playground renovation

Planned improvements: replace ballfield fencing and lights

Facilities

- 1 lighted ballfield (200 feet)
- 1 basketball court
- 2 lighted asphalt tennis courts
- 1 playground
- 1 picnic shelter
- 7 picnic tables
- 1 restroom
- paved off street parking

Open Space

Glenn's Creek Greenway - APRD

Glenn's Creek is the first phase of greenway to be developed by the City. It is located along Merrimon Avenue leading north out of downtown Asheville and will connect to the University of North Carolina (UNC-A). The one-mile greenway is expected to be completed in 1998.

Griffing Boulevard Rose Garden - APRD

This small ornamental rose garden (0.8 acres) occupies a street median in an old and well-established neighborhood. The overall condition and visual quality of the park is good, but it lacks site furnishings. The level of use for the park is low, handicap accessibility is inadequate, and vandalism is minimal.

Needed improvements: replace hemlock trees on perimeter of park.

Facilities

- 1 rose garden
- on street parking

Grove Park - APRD

This passive park (2.9 acres) features attractive landscaping and an old stone house built by F.W. Grove as a real estate office. The building is currently unoccupied. The overall condition of the park is good, visual quality is excellent, and the site furnishings are adequate. The park receives moderate use, handicap accessibility is adequate, and vandalism is minimal.

Recent improvements: upgraded flower gardens with assistance from community groups

Needed improvements: stone house is in much need of improvements

Facilities

- off street parking

Albemarle Park - APRD

Albemarle Park is a bowl shape lawn area (.5 acres) with trees and a granite swale for storm water collection. The overall condition and visual quality of the park is fair, and there are no site furnishings. The park receives little use, handicap accessibility is inadequate, and vandalism is minimal.

Sunset Parkway - APRD

Sunset Parkway is a linear passive park located on a large street median consisting of three acres.
